

Join the GEO Morphix Team

We are professional earth scientists specializing in geomorphology and earth surface processes. GEO Morphix Ltd. focuses on river and shoreline restoration, erosion hazard delineation and mitigation, and projects that require an in-depth understanding of erosion, sedimentation and sediment transport. Our team of industry leaders provide observation-rich answers based on a balanced application of quality science and years of experience to achieve practical, implementable and acceptable solutions for all stakeholders. A successful project is one that meets or exceeds our client's objectives. GEO Morphix Ltd. has a rapidly growing list of both public and private sector clients. We are currently looking for a CAD/Geomatics technician to join our young and dynamic team.

POSITION DESCRIPTION

CAD/Geomatics Technician

We are currently looking to find a CAD/Geomatics Technician to join our dynamic team in our office in Campbellville, Ontario. The incumbent would provide support to our restoration design team in development of design drawings and our study team with regards to GIS data management and map production. There is an opportunity to work with staff on a range of earth and environmental science projects including geomorphological assessments, erosion and hazard studies, and river and shoreline restoration projects. Successful candidates will have strong technical skills and excellent inter-personal skills and must be outcome-oriented.

Responsibilities & Requirements

- Support staff in developing databases and map products from a range of geomorphological and environmental observations
- Provide technical support to staff with regards to data analysis and report preparation
- Inter-personal skills to work with our staff, clients, consulting partners, and permitting agencies

Qualifications

- Experience with AutoCAD and ArcGIS (formal training would be an asset)
- Strong problem-solving and critical-thinking skills
- Experience with aerial photographic interpretation and map analysis
- Excellent written and verbal communication skills
- Organizational skills
- Valid G Class driver's license

GEO Morphix understands the importance of employee well-being and job satisfaction. Productive and energized staff are the key to a successful company. In support of this goal GEO Morphix offers a friendly and accepting work atmosphere.

Salary depends on skills and experience.
